WILLIAM CLEGG HAS LEG BROKEN BY AUTOMOBILE

William Clegg, deputy in the office of County Clerk Walter N. Farr, had his right leg broken at 6 o'clock last night when he collided with Henry G. Hess, driving an automobile.

Clegg was riding a bicycle north on Washington avenue during the rain storm, when, near the corner of Twentieth street, Clegg, who was riding near the center of the street, saw Hess and attempted to turn out of the way toward the sidewalk. Hess turned to the right and, when Clegg struck the curb, the auto hit his leg and mashed it against the curb. Clegg was rushed to the Des hospital for medical treatment.

ROTARY CLUB LISTENS TO DISTINGUISHED SPEAKERS

Lieutenant John Van Mitchell, assistant historical officer of the A. E. F., was the principal speaker at the weekly luncheon of the Rotary club

at the Weber club today. Lieutenant Mitchell spoke on the after-effects of the war with Germany and the American spirit during the war.

In his opinion, France should be given preference over Germany in the matter of foreign trade.

Reverend James Kramer of St. Jose, California, known from one end of the globe to the other as "Big Jim," was the second speaker. Rev. Kramer boosted the Rotary spirit throughout the country and his talk was well received.

During the meeting, the club members endorsed the repealing of the picket law.

HIGH COST OF LIVING IN UTAH TO BE BROUGHT DOWN BY THE LIMITING OF RETAIL PROFITS

SALT LAKE, Oct. 1.—Senator Colbert Olsen introduced a bill in the legislature today, limiting the profit on business to fifteen per cent in Utah and limiting the profit on real estate and other building deals to ten per cent. In the bill, which was read before the senate, Senator Olsen stated that the high cost of living would be given a death blow if the bill passed.

The bill for the long and short hauls was killed after being introduced. But three votes were cast in favor of this measure. This bill came from Governor Thomas.

Senators from various sections of the state argued that other parts of the state should be improved and that the money which would be used to improve the grounds could be spent to better advantage.

A joint agricultural bill was introduced by D. D. McKay of Weber county and Senator Bradley. The men, in presenting

their bill, are eager for an up-to-date system of agriculture. Their suggestion calls for a commission of experts to investigate the lands of the state, as to water conditions, soil and other phases pertaining to the welfare of the agriculture industry. This bill will be considered this afternoon. It is expected that the present session will be brought to a close within the next two days.

REED NOT WANTED.

ARDMORE, Okla., Sept. 30.—Ardmore citizens in mass meeting late today sent a telegram to U. S. Senator J. A. Reed, of Missouri, demanding that he cancel his Ardmore speaking date here in opposition to the league of nations. Resolutions were adopted endorsing President Wilson and the league. Senator Reed is scheduled to deliver his address tomorrow night. The telegram denounced as "undemocratic and un-American" the action of Senator Reed and Senator Thomas P. Gore of Oklahoma, in touring the country against the league.
